New LINMARK SPORTS Website Features

[New event search engine](#) Just click on the Race Finder to view an index of upcoming events. Or, use the search bar to pinpoint specific events by type and dates.

We consider our major update to be the new online entry process, the most efficient change to date.

All online entry is now processed through Chronotrack Live . . . considered one of the most powerful and widely used online platforms.

After selecting your event, and the entry option, the process through Chronotrack Live will not take more than one or two minutes. Our feedback has been excellent with the new online entry now in place.

Quick and easy way to view upcoming events is to go to [LINMARK Sports](#), and just click on the Race Finder link at the top of our home page.

Following are most current upcoming events, with the ability at the bottom to connect live to our website's Race Finder to view all current event's listed information:
